

"Do It Grandly"

Grandparents Conference

Invest five hours into your grandchildren and help them grow in their faith!

Most grandparents are concerned about their grandchildren. They know that young people are at risk in new ways, but they wonder what they can do and at times feel hopeless.

Grandparents are intended by God to play a significant role in passing on their faith to their grandchildren. At the "Do It Grandly" Conference, you can learn what that role is and how you can fulfill it. You will go away with new ideas, with new hope for the role you can play, and equipped to make a difference in your grandchildren's lives.
